Doro Care

phones and assistive devices for an easier everyday life

DESIGN BY DORO OF SWEDEN

With Doro you are **never alone**

Safe is the feeling of being able to do what you want without any problems. Being able to lift the phone and dial a call. To hear what others say even if you are hard of hearing. To quickly find your keys and anything else you may have misplaced.

Safe is simply knowing that someone is there when needed. Doro Care is a range of products that make life a little easier, when it comes to life at home and keeping in touch with the world around you.

Designed for every need. While all Doro products are well suited for meeting the most common challenges of ageing, each one has special features, making it the perfect choice for a specific need. Which makes choosing easier.

Hear
Amplified products that are easier to hear. All phones in the Doro Care product range are Hearing Aid Compatible (HAC).

See
Products to support reduced vision.

Handle
Ergonomic products that are easier to handle.

Memory
Assistive devices to support your memory.

Security
Products with security functions for feeling safer.

COMFORT is a new range of corded and cordless home phones, all with easy to use keypads, great sound (HAC) and high contrast display.

The stylish Doro Comfort range has easy menus and keys, plus a white backlit display with good contrast. Thanks to Doro TrueSound quality, it also delivers good, clear sound.

Doro Comfort 1000

cordless DECT phone

Doro Comfort 1005

cordless DECT phone
with answer machine

Doro Comfort 1010

cordless DECT phone with speakerphone

Also available as a duo.

Doro Comfort 1015

cordless DECT phone with answer machine and speakerphone

Also available as a duo.

COMFORT

Doro Comfort 3000 and 3005 let you increase the sound from the handset, speakerphone or ringer by 30dB. Other features are an easy to read display, a flashing ringer and a headset connection.

Doro Comfort 3000

easy to use corded phone

Doro Comfort 3005

easy to use corded phone
with answer machine

Doro Comfort 4005

combo phone with answer machine

The easy to use Doro Comfort 4005 is the perfect match when you want both cordless and corded phones. The technology normally found in the DECT base unit has been incorporated into the corded phone, creating a smaller charging cradle for the cordless handset. Both handsets offer good, clear sound thanks to Doro TrueSound quality. The corded phone has a boost button for even louder sound.

» 2-in-1 cordless/corded phone
» Loud and clear sound (24dB)
» High contrast display

CARE consists of our easiest and clearest corded and cordless phones for the home. In addition to amplified sound and simple one touch functions, these phones also have several practical security features.

Doro PhoneEasy® 110

easy cordless DECT phone

The Doro PhoneEasy® 110 is very easy to read thanks to the ultra high contrast backlit screen that displays full names and numbers without scrolling. Other features are large talking number keys, Doro TrueSound quality and a speakerphone with loud sound.

» Large talking number keys
» Ultra high contrast display
» Very loud sound (30dB)

The Doro PhoneEasy® 100w and 105wr have large displays and easy to read characters. The handset volume is amplified by up to 30dB, and an audio boost button makes conversation even easier.

Doro PhoneEasy® 100w

easy to use phone
with amplified sound

Also available as a duo.

Doro PhoneEasy® 105wr

easy to use phone
with answer machine

Doro HearPlus 318w

ergonomically designed and amplified phone

Cordless phone with a loud ringer and handset volume as well as a visual and vibrating ringer. Practical key-pad, high contrast display, comfortable grip and well balanced shape make the handset very easy to lift up, hold on to, operate and return to the charger.

» Handset volume and ringer amplified by up to 30dB
» Visual and vibrating ringer
» 3 one touch memories

Doro Secure 347

corded phone with security functions

A special alert function with Doro Secure 347 dials a pre-programmed number to a relative or friend and plays a recorded, personal message. Over-sized memory keys can be fitted with photos for easy dialling. Comes with one regular and one Doro SecurePlus 50rc waterproof pendant for remote answering and alert activation.

» Voice recorded alert message
» Remote answering
» 4 one touch photo buttons

Doro Secure 350

amplified phone with security functions

The amplified ringer, handset and speakerphone make this an easy to use phone for people with reduced hearing. Large, widely spaced keys simplify dialling. Also features flashing ringer, talking keys and phone-book, talking caller ID* and volume boost button.

» Very loud sound with tone control
» 2 waterproof emergency pendants
» 7 one touch memories with labels to personalise

Doro PhoneEasy® 311c

easy to use phone with large buttons

Big button corded phone with both one touch and two touch memories, HAC (Hearing Aid Compatible) and a visual ring indicator for incoming calls.

Doro PhoneEasy® 312cs

easy to use phone with large display

The Doro PhoneEasy® 312cs features a large and clear display, a visual ring indicator, caller ID* and speakerphone.

* Depending on network support and subscription

Doro PhoneEasy® 331ph

easy to use phone with one touch photo buttons

Big buttons on a clear and spacious keypad make dialling easier, while photo memories connect you at the press of a button. Other features include visual ring indicator and HAC (Hearing Aid Compatible).

Doro PhoneEasy® 337ip

easy to use ip phone

Doro PhoneEasy® 337ip is an easy to use IP phone with amplified sound, easy to read display and large buttons. Perfect for workplaces or other environments with IP phone systems and a need for easy to use phones.

Doro HearPlus 313ci

amplified phone with visual ringer

Doro HearPlus 313ci has an easy to read display and large, concave buttons. It also offers handset volume control, and a bright, visual ringer as a complement to amplified ring signals.

Doro HearPlus 317ci

extra amplified phone with superb visual aids

Doro HearPlus 317ci combines excellent ergonomics with superb visual aids, improved Hearing Aid Compatibility and enhanced adjustments for both incoming and outgoing sound. Two buttons let you switch between the handset and an external magnetic loop or a headset once connected to a special outlet.

CARE

Doro SeePlus 314ci

talking phone for the visually impaired

Doro SeePlus 314ci has talking keys and talking Caller ID* for people with reduced vision. It also comes with a remote pendant for those with difficulty moving around. The pendant can also be used to activate automatic dialling and playing of a pre-recorded alert message.

Doro MemoryPlus 319i ph

amplified photo phone

Doro MemoryPlus 319i ph has an ergonomic handset, large keypad and one-touch photo memory buttons, all specially designed to make it extremely easy to operate.

* Depending on network support and subscription

Doro 912c Syntiro

amplified phone for the hearing impaired

A corded phone with loud ring signal and handset volume. It also features other essential functions like one touch dialling, redial and mute.

Doro 915c Syntiro

extra amplified phone for the hearing impaired

Doro Syntiro 915c is Hearing Aid Compatible and offers enhanced sound adjustments for anyone with severe hearing loss. The Doro HearPlus 55v vibration pad is also included.

ASSISTIVE DEVICES. A range of practical and easy to use devices that make life easier and help people to feel safer.

Doro HandleEasy 321rc

easy to use universal remote control

Doro HandleEasy 321rc is a truly user friendly remote control that makes it easy to change channels and adjust the volume on your TV or radio with seven programmable remote keys.

Doro MemoryPlus 335

wireless object locator

Doro MemoryPlus 335 helps locate keys, wallet or other important items at home. The wireless sensors are attached to important objects and the remote transmitter will produce a beeping signal from the missing object.

Doro HearPlus eh343m

handsfree earhook for hearing aid users

Doro HearPlus eh343m allows hearing aid users to enjoy the same freedom as everyone else by filtering out other sounds and providing a clear caller sound.

Doro RingPlus

ringer amplifier

Doro RingPlus has a bright strobe ringer that's noticeable even when you're not looking. It can amplify sound up to 91dB*, and can be used with any phone.

*Measured value at 1 metre.
